

## PCORI Awarded Research Projects: Utah

January 2018

Number of Projects: 20

Total Awarded in State: \$6,275,668

Project Title	Organization	Project Budget	Year Awarded	Type
<b>Cholangiocarcinoma Foundation: 2018 Annual Conference</b>	Cholangiocarcinoma Foundation	\$49,930	2017	Engagement in Research Project
<b>Building Relationships to Influence Program Development and Grow Enduring Physical Activity Support (BRIDGES)</b>	University of Utah	\$50,000	2017	Engagement in Research Project
<b>Annual Cholangiocarcinoma Foundation Conference</b>	The Cholangiocarcinoma Foundation	\$46,500	2016	Engagement in Research Project
<b>Building a Sustainable PCO and PCOR Community Network to Achieve Patient, Researcher, and Clinician Partnerships</b>	HealthInsight	\$246,604	2016	Engagement in Research Project
<b>Development of Computational Methods for Evaluating Doctor-Patient Communication</b>	University of Utah	\$712,232	2016	Research Project
<b>Patient-Centered Transitions of Surgical Care - Tier III</b>	University of Utah School of Medicine	\$49,969	2016	Engagement in Research Project
<b>Developing Infrastructure for Patient-Centered Melanoma Research - Tier III</b>	SolSurvivors	\$50,000	2016	Engagement in Research Project
<b>A Community Partnership for Patient-Centered Outcomes Research in Type 2 Diabetes - Tier III</b>	University of Utah	\$49,998	2016	Engagement in Research Project
<b>Taking Care of Our Parents: A Collaborative Team Model to Support Caregivers and Elderly Community Members - Tier III</b>	Leaving Well	\$50,000	2016	Engagement in Research Project
<b>Building a PCO and PCOR Community Network to Influence Patient Centered Care and Patient Engagement in Utah</b>	HealthInsight	\$50,000	2015	Engagement in Research Project
<b>Cholangiocarcinoma Foundation Annual Conference</b>	Cholangiocarcinoma Foundation	\$46,589	2015	Engagement in Research Project
<b>Patient Reported Outcomes for Bladder Management Strategies in Spinal Cord Injury</b>	University of Utah	\$2,793,180	2015	Research Project
<b>A Community Partnership for Patient-Centered Outcomes Research in Type 2 Diabetes - Tier II</b>	University of Utah	\$24,974	2015	Engagement in Research Project

<b>Taking Care of Our Parents: A Collaborative Team Model to Support Caregivers and Elderly Community Members - Tier II</b>	Leaving Well	\$25,000	2015	Engagement in Research Project
<b>Developing Infrastructure for Patient-Centered Melanoma Research - Tier II</b>	SolSurvivors	\$25,000	2015	Engagement in Research Project
<b>Patient-Centered Transitions of Surgical Care - Tier II</b>	University of Utah School of Medicine	\$24,834	2015	Engagement in Research Project
<b>Patient-Centered Transitions for Episodes of Surgical Care</b>	University of Utah School of Medicine	\$14,963	2013	Engagement in Research Project
<b>Taking Care of Our Parents: Improving the Coordination of Care for Elderly Community Members</b>	Leaving Well Coalition	\$14,915	2013	Engagement in Research Project
<b>Development of Community Partnership for Patient-Centered Outcomes Research in Type 2 Diabetes</b>	University of Utah	\$14,083	2013	Engagement in Research Project
<b>Redesigning Ambulatory Care Delivery to Enhance Asthma Control in Children</b>	University of Utah	\$1,936,897	2013	Research Project
